It appears that we may have to vote in person at this point, if the person who submitted last Wednesday just received their pin today. A system that is set up to give us hope, but yet may end up failing us if we solely depend on it.

Thank you all for your feedback!

Same here. My self and several other people on my team have registered as of yesterday and no one has received anything yet. Estella would you happen to know if others have had success with the registration process so far?

Also, Gen. Jeff on Facebook this afternoon: the information committee now wants to change the boundaries and remove Main St. and the portion of Little Tokyo. As we understand it, that cannot be done without scrapping this effort and starting over with an entirely new subdivision application. I've attached his post.
